VOLUME III No. 47 | CHICAGO, AUGUST 6, 1918 | 5,000 CIRCULATION GUARANTEED

Sugar Allowance Now Two Pounds per Person

The Food Administration issues the following:

Basing its action on a careful survey of the world sugar situation and a compilation of the immediate demands, the United States Food Administration calls on the American public to restrict the consumption of sugar in the home to 2 pounds per person per month from August 1 to January 1. This replaces the present regulation of 3 pounds per person per month, and includes all sugar used on the table and in cooking.

A similar order is being issued to govern public eating places, limiting their use of sugar to 2 pounds for every 90 meals served.

Individual Responsibility

This war is to be won not by one man or one thousand men or one million men, or one million people. It is to be won by the united efforts of the individuals of many nations.

Every American citizen has an individual duty to perform, an individual share of the responsibility. The more powerful and effective the American forces are the shorter will be the war, and the shorter the war the fewer lives lost, the greater the number of American soldiers who will return home victorious.

Every American who economizes in consumption of material, who increases production, who saves and lends savings to the Government, does something to help win the war.

The President on Mob Spirit

"I have called upon the Nation to put its great energy into this war and it has responded—responded with a spirit and a genius for action that has thrilled the world. I now call upon it, upon its men and women everywhere, to see to it that its laws are kept inviolate, its fame untarnished

* * *

"I can never accept any man as a champion of liberty either for ourselves or for the world who does not reverence and obey the laws of our own beloved land, whose laws we ourselves have made. He has adopted the standards of the enemies of his country, whom he affects to despise."

—President Wilson.

Exchange of Liberty Bonds

The issue of registered bonds of the Third Liberty Loan has progressed so far that transfers and exchanges of registered for coupon bonds will be made on and after August 1 until August 15. The registry books will be closed on the latter date in order to prepare checks for interest payments on September 15. Bonds may be presented during such period for transfer or exchange, but such transaction will be effected after September 15 and the September interest paid to whomever was holder of the bonds on August 15.

Coupon bonds presented after August 15 for exchange for registered bonds should have the September interest coupon detached; the registered bonds issued upon such exchange will bear interest from September 15.

An August Conception

Samuel Taylor Coleridge, poet and essayist, writing some 75 years ago, said:

"The possible destiny of the United States of America as a Nation of a hundred million of free men, stretching from the Atlantic to the Pacific, living under the laws of Alfred and speaking the language of Shakespeare and Milton, is an august conception."

The United States is now a Nation of a hundred million and more, stretching from the Atlantic to the Pacific, and reaching out east takes in Hawaii and the Philippines, in the north Alaska, and in the south the Panama Canal. But grander than its physical is its moral greatness. Its fairness and justice, its courage and power, its maintenance of right and freedom cover the world.

The destiny the United States is now fulfilling is a more august conception than even the imagination of the author of Kubla Khan conceived of less than a century ago.

W. W. Fern was in New York State last week to attend the funeral of his mother. Mrs. Fern died in Portland, Ore. Her remains were brought to the old home in New York for burial.

Saving and Serving

By economizing in consumption and with the resultant saving purchasing the Government's war securities the American citizen performs a double duty. The citizen and the Government cannot use the same labor and material; if the citizen uses its, the material and the labor cannot be used by the Government. If the citizen economizes in consumption, so much material and labor and transportation space is left free for Government uses. And when the saving effected is let to the Government more money is thus placed at the disposal of the Government.

The more the people save the more money, labor, and materials are left for the winning of the war, the greater and more complete the support given to our fighting men.

Take your cleaning, pressing or repairing to Gus Bovik's Tailor Shop, 7822 Halsted St., for best results.

Acknowledgment

Mr. Charles R. Carrier and family of 7814 S. Ada St. wish to thank their kind friends and neighbors of Auburn Park, the letter carriers of the Auburn Park Station and the members of the Altar and Rosary Society of St. Sabina's church for their sympathy and floral tributes in the bereavement which they have just had.

The late Mrs. Esther Carrier, of Brighton Park, migrated to Chicago in 1880 with her husband, Pierre, and their fourteen children. At the time of her death, July 29, 1918, she was survived by her husband, Pierre, six sons, one daughter, fifty grandchildren and seventeen great grandchildren.

On May 6, 1918, this happy old couple celebrated their golden wedding anniversary at St. Anne De Brighton church, at which celebration there were many of the city's notables and numerous old timers.

The sudden death of Mrs. Carrier was a shock to her many friends, and it is with deep regret that we mourn the loss of one so well beloved by all—her cheerful disposition and motherly-caring-for-ways will ever be remembered by all who knew her.

HOW TO WIN THE WAR

THE way to win the war is for every one of us to WORK a little harder at our present jobs. This applies to all of us, whether rich or poor, men or women.

Every idle hour helps the Kaiser in his damnable attempt to enslave the world. Wherever we are, or whatever we are doing, let us do our work a little better.

Even if we are not on war work, or helping the Government directly, we can help release others for such work by speeding up on our own jobs.

U. S. DEPARTMENT OF LABOR.

W. B. WILSON, Secretary of Labor.

WILLIAM S HART IN 'SHARK MONROE'

The admirers of William S Hart who have seen him in Blue Blazes Rawden The Tiger Man Selfish Yates and other strong virile photo plays will find it rather difficult to imagine him as a lover but in his latest Art Craft picture produced under the supervision of Thomas H Ince he is cast as Shark Monroe master of a seaboard schooner Hart plays his character with the cruelty and daring of the shark but when it finally the woman come into his life his entire outlook changes and he finds courage and skill to fight hard to win her affection

A master of the Sea Gull Monroe's reputation for savagery is widespread but under the influence of this young woman who with his dissipated brother is on her way to Alaska in search of fortune his soul is transformed When her brother has squandered their money she appeals to Monroe for passage to the North and he cheerfully consents The situations are of remarkable interest and hold the attention from beginning to end How Monroe is turned through the purifying influence of Marguerite love and how Webster himself is returned to manhood are excellently told

Mr Hart as usual is splendidly upon his saddle plays chief among them in the character Mrs Dodd who does unfortunately not act as Marjorie Hilliard for Sunshine Bill Baxter a disreputable hotel keeper and George McDonald is Webster Hilton a dissipated man who regains himself in the snows of Alaska The picture will be displayed at the theatre Saturday Aug 10 with every accessory necessary to make this one of the finest productions displayed at this theatre this season

Madame Olga Petrova

In a Magnificent 7 Reel Modern Drama

"Tempered Steel"

Mystery and Beauty Superbly Blended

Beginning with the quiet atmosphere of a sleepy old Southern town the narrative soon carries one to the heart of New York's theatrical world where the struggle for success is as pitiless as it is unceasing In her characterization of the beautiful Southerner struggling for recognition against hostile forces Petrova not only uses the best acting of her screen career but is given the opportunity to wear the most extensive wardrobe of lovely clothes in which she has been seen

A Woman at Bay—suspense the keynote A play of powerful emotion and dramatic thrills and climaxes A debut—a success—a theatrical producer of unsavory reputation—a maddened lover—a bottle of vitriol—a shot—a cry—straight at his heart she fired—he dropped at her feet dead yet she did not kill him yet no other was present no other shot was fired no heart attack or congestion How was she saved? A play unsolvable until the very last scene

MUNICIPAL PIER PLAYGROUND

Monday, Wednesday and Friday are children's afternoons at the Pier. Singing from 1 o'clock until 2 o'clock under the leadership of Mrs. Grace Norbeck, Civic Music Association. At 2 o'clock there is folk dancing, story telling and drama rehearsing. Each Wednesday there is an hour's program, open to the public, which includes the childrens play, prepared during the previous week, group and solo dancing and chorus singing.

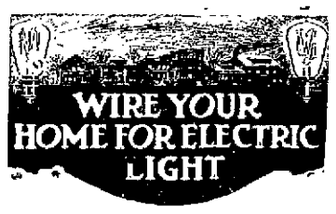
The two towers at the east end of the Pier are used as class rooms. There is a piano and talking machine for folk dancing and entertainment. Costumes for the plays are made in the auditorium during rehearsals. The materials for the costumes are donated by members of the Drama League and a mothers committee.

Children of Auburn Park are urged to join the classes. Halsted street cars to Grand Ave., Grand Ave. car to the Pier. The city street railway gives free street car tickets to the Junior Drama League committee, thus enabling hundreds of children to be accommodated each week.

Patriotism Without Hesitation

If our soldier boys deliberated as long over doing their duty as some of our people at home hesitate over doing theirs, the victory would be doubtful.

It is a sort of financial cowardice to hesitate to put your money in United States Government securities, and to deliberate over the wisdom and patriotism of the investment is to hesitate in supporting our soldiers.



Have better illumination throughout the home.

"KETCHA-KOO"

The federated womens clubs of the Third Congressional District are to produce the musical extravaganza, "Ketcha-Koo," at the Marlowe Theatre, 63rd St. and Stewart Ave., on Aug. 21st and 22nd. The cast will include several hundred people, made up wholly of local talent supplied from the different clubs. The proceeds from the performance will be used to maintain a community housekeeper for the district.

Among those on the executive committee are: Mrs. G. H. Nash, chairman, 7526 Eggleston Ave; Mrs. A. J. Lisher, publicity, 7157 Yale Ave.; Mrs. R. A. Shepherd, finance, 7630 Union Ave.; Mrs. R. J. McGill, advertising, 7015 Normal Ave.; Mrs. D. E. Fairfield, talent, 623 W. 72nd St.; Mrs. G. M. Jones, costume, 7015 Normal Blvd.; Mrs. H. N. Tolles, chaperone, 10561 Longwood Drive.

Juvenile dancing classes at the South Shore Country Club will begin in September. Miss Jane Dabney will be in charge.

On Wednesday evening at 7 o'clock the Chicago Band will give its concert in honor of the Illinois state troops in Grant Park. The central section will be reserved for men in uniform accompanied by their friends. The program will be selected with special regard to the occasion.

A Call to Duty

From the battlefields of France there comes an unspoken call that should find an answer in every American's heart. The recent great events in Europe, the successes of American arms on the fields of France should spur every American to greater effort.

Our people at home should not rest on the laurels of our soldiers in France. Every death on the field of honor in the line of duty and for our country's cause should be a call to us for every sacrifice and every exertion to aid the cause for which our soldiers are fighting, for which our soldiers have died.

Increase production, decrease consumption, save, and lend to the Government. Every cent lent to the United States is used to support, strengthen, and aid our soldiers in France.

One-Third of Marines Are Boys Under 21

Secretary Daniels authorizes the following:

Figures just made public by the Marine Corps show that since our entrance into the war the corps has enlisted 13,826 recruits under 21 years of age, representing 30 per cent of the enlistments during the period.

The policy of the Marine Corps in admitting boys of 18 years and over into the ranks is more than justified, officers claim, by the heroic fighting by the marines at Chateau Thierry and Belleau Wood, the showing they have made in their sector of the Marne line since that time, and the youthfulness of many of the marines who have been decorated and cited in France.

While it was known that many boys under 21 were serving with the sea-soldiers, the statement that they aggregated nearly one-third of the enlistments was a surprise even to Marine officers themselves.

Two Million Soldiers; Two Million Backers

General John J. Pershing, commander-in-chief of the American forces in France, is to get a complete list of all the residents of Cook County who are standing behind him in his fight to save the world from autocracy.

Before the end of the year General Pershing will have 2,000,000 soldiers fighting under him. The War Savings Committee is determined that Cook County shall furnish a backer for each of these two million soldiers, and some to spare.

Every man, woman and child who enrolls as a backer of Pershing's army will have his or her name inscribed on a roll of honor which will go first to President Wilson and later be sent to France by the War Department. This roll of honor will be miles long and will weigh tons, but its great bulk will not prevent its being sent abroad as the greatest message of cheer which ever went to an army commander in a foreign land.

The honor roll will be circulated in sections, just like a petition for a dry referendum or any other public policy question is circulated. Later it will be pasted together in one immense roll for shipment abroad.

The honor roll will be used during Pershing Week, Aug. 15th to 22nd. It will be circulated by mail carriers, by thousands of women volunteers in street, club, bank and building booths, by secretaries of tens of thousands of War Savings Societies, by the new organization of women postal directors, and in numerous other ways. No one in Chicago or anywhere in Cook County will be missed. Any one who purchases one War Savings Stamp will be entitled to have his name inscribed on the roll, but space will be left to show just how many stamps he did buy during the Pershing Week Drive.

Information as follows will be printed on each roll, so that anyone may know just how much aid he is giving to the American forces in France:

1. Investment in one War Savings Stamp will provide the Government with funds to purchase 100 rifle bullets.
2. Investment in two War Savings Stamps will feed a soldier for a week.
3. Investment in five War Savings Stamps will provide a soldier with a rifle.
4. The money loaned by the man who invests in twenty War Savings Stamps will buy a light machine gun.
5. The person who invests in forty War Savings Stamps will provide the funds to arm a soldier, clothe him, equip him from head to foot, and start him overseas.

In every store and every office where War Savings Stamps are sold these honor rolls will be provided. No one will be able to miss them. Each purchaser of a stamp will be given one of the beautiful Pershing window posters for his or her home, and a Pershing lapel tag to wear during the week.

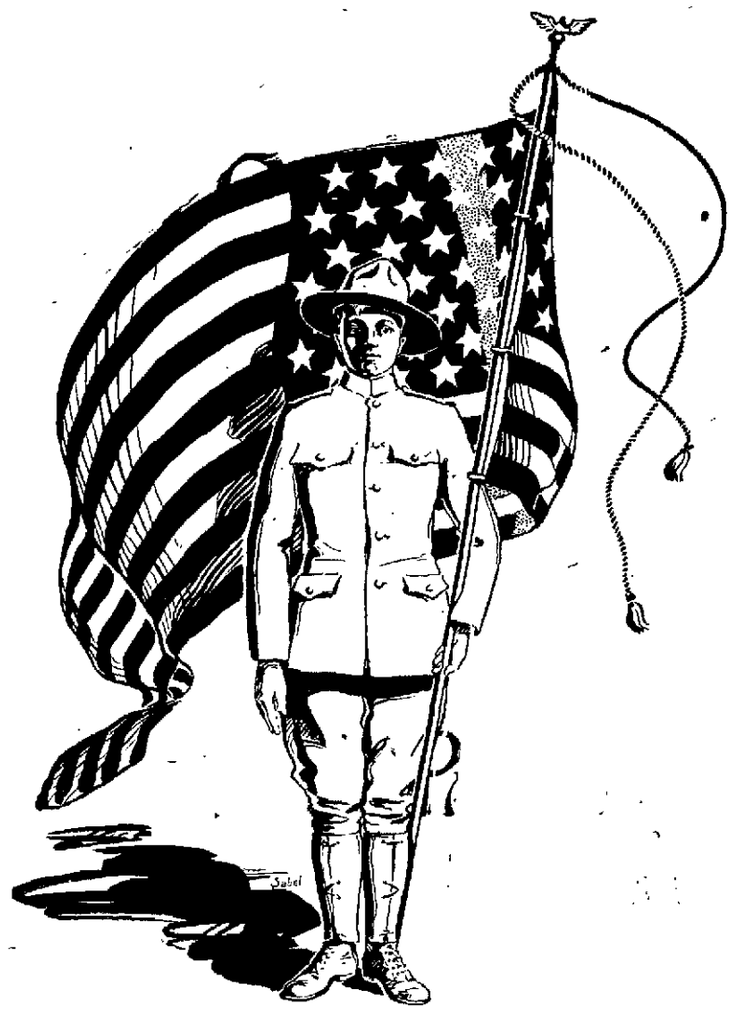
Briscoe-Johnston Pupils Appear in Joint Recital

Piano pupils of Addison Harmon Briscoe appeared in a joint recital with voice and piano pupils of Lillian Thomas Johnston at the Briscoe-Johnston studios, Kimball Hall Building, Sunday afternoon. A large number of interested friends and patrons were present, who pronounced the event a most successful and enjoyable one.

Economise!!

The elimination of waste and curtailment of unnecessary expense are two important factors in helping to win the war. Both these may be practised by buying carefully the bargains advertised weekly in

The Auburn Community Booster



Workingmen of America

---what did we promise Our Boys in France?

JUST THIS: That every minute of the day, every time they went into a trench, every time they went over the top, in a night patrol, every time they swept forward to smash a German trench, every time they risked themselves for the sale of Liberty and America — that we'd be back of them to the last ditch, giving for them, working for them, fighting for them in our factories to give them all the "tools" they need to lick the Kaiser.

There is only one way to make good on that promise—and that is for every last one of us, whether he runs a lathe or runs a 10,000-man plant, to put in every minute of his working day where it does the most good. Every working minute lost or wasted means less help for our men across the sea.

And there are not just minutes, but whole days lost every time a man changes his job. A man has to be found to replace him. He loses time in moving. He takes time to catch on to the ways in the new plant.

When a manufacturer needs more men, it is his duty to the country as a whole not to disturb plants that are engaged in essential war work, but to get the Government's help in finding men who can be taken from less important work. This can be done through the national labor clearing house that the Government has established with 500 branch offices and 20,000 agents of its recruiting division, the United States Public Service Reserve. There is no charge—and the Service is now placing 250,000 skilled and unskilled men monthly.

Let's keep ALL the essential war work going at top speed. Tell your labor needs to the local Examiner-in-Charge, local agent of the U. S. Public Service Reserve or to the Director General at Washington.

"INDUSTRY plays as essential and honorable role in this great struggle as do our military armaments. . . . Therefore, I solemnly urge all employers engaged in war work to refrain after August 1st, 1918, from recruiting unskilled labor in any manner except through this central agency. (U. S. Employment Service.)

"I urge labor to respond as loyally as heretofore to any calls issued by this agency for voluntary enlistment in essential industry. And I ask them both alike to remember that no sacrifice will have been in vain, if we are able to prove beyond all question that the highest and best form of efficiency is the spontaneous co-operation of a free people."

WOODROW WILSON.

Story of the Liberty Bell

The Liberty Bell became famous in July, 1776, when the continental congress declared the independence of the United States It was rung on this occasion, and called the citizens together to listen to the reading of the Declaration of Independence

The Liberty Bell was cast in England in 1752, arriving at Philadelphia in August of that year It was cracked by a stroke of the clapper while being tested It was recast successfully in Philadelphia, and was rung on succeeding anniversaries and other festal occasions until it cracked again in 1835, when the edges were chipped and an ineffectual attempt was made to render it serviceable

Subsequently, it was placed on the original timbers in the vestibule of the State House It has since been an object of veneration, resposing principally in the city of Philadelphia where it first rang out the glad tidings of the scriptural message cast upon its face Proclaim liberty throughout the land unto all the inhabitants thereof"

It has been removed only on a few special occasions, such as the World's Fair at Chicago in 1893 and the Panama-Pacific Exposition at San Francisco in 1915, when it was placed on exhibition

On the 20th of June, 1918—a beautiful afternoon—at the great army cantonment, Camp Dix, twenty-five thousand soldiers assembled and formed a living embodiment of this famed Liberty Bell

The formation and ground measurements of this historic picture were previously prepared by correctly applying the law of perspective Thousands of yards of tape were laid on the ground to indicate and guide the formation The following ground measurements seem also incredible

Length of beam across the top, 368 ft ; width of bell at bottom, 61 ft , length of each bolt, 395 ft , width of beam, top to bottom, 435 ft , total length, top to bottom, 580 ft The bolt is over three times the length of the bell itself The length of the beam is almost six times the width of the bell

The beam required more than eleven times the number of men required for the bell

Number of officers and men composing the picture, 25,000
